Policy Document of Green Campus

Having a green campus in the college creates a suitable and perfect environment in the campus, due to which there is a continuous physical and mental development of the students. To make the college campus clean and head, solid policy determination and practical form is continuously provided.

Many programs are also organized to make the students a partner in this important work. The higher educational institution tries to make the youth of the country good citizens along with loving them for a bright future. Preservation of a good civic environment understand and act upon the value of.

Government College Barkot is a clean and beautiful campus situated in the lap of nature. The college tries to translate into action various plans and policies to develop the environment and security and greenery in the campus, which is as follows.

- Presenting seminar debate and speech on the topic of making green campus with environment and its protection through college NSS, NCC, Rovers Rangers and Eco Club.
- Collection and disposal of organic and inorganic waste in different dustbins in the college.
- Digitization to make the college out of paper; using email, Whatsapp and website to communicate departmental information electronically between students.
- Conducting campaigns such as tree plantation, water conservation and cleanliness in the college from time to time, so that the green area in the campus can be increased.
- Public vehicles are used by the students to reach the college, and also the employees are mostly required to use public vehicles. Pret is done so that the environment can be free from pollution

The college is always committed to the protection of the environment and its protection in every area. Various committees have been formed by the college such as departmental beautification committee and eco club, for the protection and conservation of the green campus, various committees have been formed by the college to increase the green area in the campus. Will develop policy for plans and evaluation.
