1. HOI and the IQAC team suggested ICT Cell to interact with all faculties recurrently and discuss the problems faced by each faculty in e-content generation. The IQAC coordinator also suggested that brainstorming sessions should be organized by ICT Cell so that each faculty is acquainted with the present need of ICT usage in the teaching learning process for the upliftment of the academic environment in the college.
2. HOI directed IQAC to form a clear strategy to communicate and reach out to the local community in order to have a maximum number of students for new admission in the academic year 2024-25. As the registration has already started through the SAMARTH portal, IQAC decided to display all the necessary information on the website with the help of interactive templates and also to reach out to nearby Intermediate colleges and local people for maximum exposure of the opportunities available for students in the college.
3. IQAC suggested that inputs from each department should be taken prior to the formation of Institutional Academic Calendar for session 2024-25 in order to add at least two activities from each department in the Academic Calendar.
